SUMMARY

As a B.Tech CSE student with hands-on experience in developing full-stack applications using the MERN stack, I have successfully built and deployed multiple projects tailored to user needs. I am passionate about creating scalable solutions and thrive in cross-functional team environments, having actively contributed to events and initiatives that promote leadership and community engagement

EXPERIENCE

Vice President

Pioneers Club – LPU

📅 08/2024 - Present 📍 Jalandhar, Punjab

A student-led organization focused on leadership development and community engagement

- Spearheaded the planning and execution of 5+ large-scale campus events, effectively managing a 15-member team and engaging over 300 active participants.
- Cultivated leadership and skill development across the university by organizing technical workshops, inter-club competitions, and mentorship-driven initiatives.
- Fostered creativity and innovation by encouraging members to explore diverse non-technical activities, embodying a spirit of adventure and exploration.
- Promoted leadership and peer engagement by initiating and hosting technical workshops, inter-club competitions, and ongoing mentorship-driven programs to foster skill development and collaboration across departments.

EDUCATION

B.Tech CSE

Lovely Professional University

📅 07/2023 - 08/2027 📍 Jalandhar, Punjab

12th – PCM + CS

Indraprastha Global School Noida

📅 04/2021 - 03/2023 📍 Noida

PROJECTS

Personal Portfolio Website

📅 05/2025 - 07/2025 📍 Online

A personal portfolio website demonstrating projects and skills using modern web technologies

- Designed a responsive, AI-powered personal portfolio featuring animated 3D visuals, immersive transitions, and optimized layouts across devices
- Integrated a secure, serverless contact form using React Hook Form, Zod, and Resend API
- Boosted GitHub visibility and portfolio site traffic by 60% within weeks after launch
- Implemented an interactive project showcase with 3D graphics, filtering, and detailed pages

FeatherNote – Online Note-Taking App

📅 07/2025 - 07/2025 📍 Online

An online note-taking application allowing users to create and manage notes across devices

- Developed a secure, cross-platform note-taking application with rich text editing using Draft.js and Quill
- Implemented JWT-based authentication for user sessions and protected note access
- Led a 4-member team through agile sprints to complete MVP within 3 weeks
